Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

SIX FAVORITES SLAUGHTERED.

More Wretched Starting Figured in the Downfall of the Talent-Double Dummy and Monmouth Got the Worst of It.

New York, Nov. 14.-Three outsiders and three second choices divided the card at Aqueduct to-day, one favorite after another going down in quick succession. It was a disastrous day for the players. The conditions were favorable for the sport, and a good-sized crowd was in attendance, but the racing was far below the standard, owing chiefly to the bad starting.

Imp. was a starter in the first race, and she was naturally installed favorite. A poor start and a bad ride settled her chances, however, and at the end she had to be ontent with third place. Bastile, at 20 to led all the way and lasted long enough to win by a head from Trumpet. A few days ago Bastile was far back in a bad maiden race.

Toluca made all the running and won the Toluca made all the running and won the third race easily from the favorite, Double Dummy. The latter would have been closer up, but was badly interfered with in the stretch by Judge Tarvin, Philippine headed Knight of the Garter for the fourth race, Burns outriding little Walsh, and Queen Carnival took the fifth easily, with The Puritan, who made most of the running, in the place.

man II, at Doncaster recently, the stewards of the Jockey Club heard evidence today.

Much evidence was taken, which will be presented to the Jockey Club officials. Both Wishard and Reiff were presented, and were examined at length. The examination was not concluded, but there is reason to believe that the statements of the accused made a fayorable impression on the minds of the stewards and that Lord Durham's charges will not be sustained.

There is a feeling which seems to be general in English turf circles that Lord Durham has stretched a point in his antagonism toward Americans, and that he has allowed his personal feelings to curry him beyond the point of fairness.

The spirit of fair play is something the better class of English sportsmen pride themselves on, and when this is attacked, as it has been done by American newspapers, and even English journals, severely, though justly, sober second thought caused a feeling to arise that perhaps an injustice had been done.

This has been the means of a decided reaction in public opinion, so that now the Americans are not considered as black as they have been painted. Lord Durham is, however, given praise for his efforts, though perhaps misplaced, to ourify the English turf, and it is acknowledged that there is need of it, and that the American methods are not any more to blame than certain English ones, if as much.

Since his "throwing over" by the Prince of Wales, Tod Sloane does not figure largely in the public eye. According to Truth, Sloane will not ride in England in 1901. The paper also says that his application for a license, if he made one, would be refused. Alguretta Clipped Half a Second Off Chicago, Nov. 14.—Racing for this year on Chicago tracks has ended. Brady is anxious to meet "Fliz," as he believes the public thinks the Cornishman is the best opponent for Jeffries.

Sharkey remarked that Fitz had retired from the ring and that Fitz had personally told him so.

"He wash't so old," retorted Brady, "but that he licked you and Ruhlin within a few days of each other only a month or two ago."

"I can see now as I look back at the fight where I let awfully good chances go to put out Terry by waiting too long. I stood and looked at him once when a move such as I ought to have made would have sent in a blow which might have put him out. The opening was there and I missed it, I think it was in the third round. I am entirely satisfied with my fight. It is the first time I ever backed away from a man in my ring career, and I think perhaps I made a mistake in deing so, but when you are up against a champion, and know he has a knockout in each hand, it is enough to make one careful. I hope to get another go and think it will be a great fight, and I believe I can worry Terry considerably. I don't want a six-round go, though."

According to the terms reached Jeffries reserves the right to face both "Bob" Fitzsimmons and "Gus" Ruhlin in the ring before he done the gloves against Sharkey. In fact, the champion says that he is prepared to go against each of the three in rapid succession next spring, as he is confident of his ability to whip them all.

The match arranged to-day was the result of the sweeping challenge issued by Jeffries last Saturday. Sharkey was about the only one to appear and his appearance was a surprise. He did the talking for himself, without the ald of a manager. Outside of his objection to fighting for a side bet, he said he was willing to concede anything in order to get a third chance to meet the champion, and Brady, for Jeffries, immediately accepted the proposition.

Brady decided to give Ruhlin twenty-four hours in which to send on a representative to talk business with a view of arranging a match with Jeffries to take place before the one with Sharkey. The latter said that he is willing to meet Ruhlin, just to show that he is the better man, the winner to face Jeffries.

REPUBLIC SPECIAL.

Chicago, Ill., Nov. 14.—Joe Macias, manager of Kid Broad, announced this morning that he had reached an agreement with McGovern for another light with Broad after McGovern's bout with Gans.

Macias declares his protege will be in much better shape to fight Terry next time, as he gained the confidence in last night's fight that he needed. He missed good chances to put in telling blows through being over cautious and timid. Broad himself declares he believes he has a good chance of defeating McGovern.

"As you see, I have not a mark on me except this cut lip, which I got through McGovern butting me with his head," said Broad to-day.

"I was butted this way three times, although I think it was unintentional, Otherwise he did not hart me at all. I had to have several stitches taken in my lip, and it bled so during the fight, it choked me The steady bleeding, too, weakened me. It was the sort of an accident which won't often happen.

I Do Not Scatter My Faculties.

I do not treat all diseases, but I treat men, MEN ONLY, and cure them to stay cured. I have recently treated scores of stubborn cases for some of the most prominent and influential men of St. Louis and vicinity, and not a single failure nor an unpleasant result has been reported. What I have done for others I can do for you. My specialty is fully set forth in the few plain words which follow, and which are well worth the careful perusal of all afflicted men.

Varicocele.

Under my treatment this insidious disease rapidly disappears. Pain ceases almost instantly. street lamp about midway between Siran

Just as he came up with them the two

the tailer of the pair, with a flourish of his revolver.

As he spoke, Reach stepped forward and struck the smaller man full in the face and floored him. At the same instant the tail man swung a club, the blow landing full on Reach's right cheek and eye. Before he recovered from this blow the fotopad began to hammer him on the head with his revolver, inflicting one ugly cut and several baid bruises.

Seeing that he was in danger of being killed, Reach cried for help, and both the thugs ran west on Morgan street, disappearing in the dark. Reach's cries brought a number of residents of the block to the street. He was recognized by a friend and led to a doctor's office, where the flow of blood from the scalp wound was stanched. Yesterday he bad fully recovered, except for the black eye and stitiness from the bruises. These will keep him indoors for several days.

The fotopads secured nothing. The police are of the opinion that they are new hands at the business.

BOY SHOT IN THE EYE.

Willie Hogan, 3 years old, who lives at No. 127 Dolman street, while playing with a small toy pistol, shot himself in the eye at his home yesterday. Another boy only 4 years old loaned Willie the pistol. Willie returned in triumph with it to his home, and before his mother, Mrs. Mary Hogan, began to demonstrate to her how it worked. Somehow it would not work, and he turned the muzzle toward his face and peered into the barrel to discover what was wrong. At that moment the pistol was discharged and a small pebble, which had been placed in it in lieu of a bullet, struck Willie in the eye.
